Special Permit Application Compliance Letter

Civil Design Consultants, Inc. (CDCI) is pleased to provide this special permit application compliance letter for a two (2) lot residential subdivision proposed at #386 Oak Street (Assessors ID: 1012-82-18A) in Methuen, Massachusetts on behalf of William Kannan, Sr. (the Owner/Applicant). Both proposed lots are subject to this special permit request under Section XI-D(11.15) of the zoning ordinance and have been designed to comply with the requirements as set forth in Section XI-D(11.15)d and as summarized below:

1. *The area of the lot to be divided is three (3) times the minimum lot area in that district;*

The minimum lot area in the RC – Single Residence zoning district is 15,000-SF, and therefore the area of lot 1 and 2 must be greater than or equal 30,000-SF. The total area is approximately 138,248-SF (31,377-SF Lot 1 + 106,871-SF Lot 2) as illustrated on Sheet C-1 entitled Frontage Exception Plan. Requirement #1 (Section XI-D(11.15)d.a) is addressed.

2. *The frontage for the lot to be divided is, at a minimum, the frontage required for that district;*

The minimum lot frontage in the RC – Single Residence zoning district is 100-FT, and therefore, the frontage of lots 1 and 2 combined must be greater than or equal 100-FT. The frontage of lots 1 and 2 combined is approximately 193.6-FT (118.6-FT + 75-FT) as illustrated on Sheet C-1 entitled Frontage Exception Plan. Requirement #2 (Section XI-D(11.15)d.b) is addressed.

3. *The lot to be divided is not split into more than two lots;*

The lot to be divided is split into only two lots, lot 1 and lot 2. Requirement #3 (Section XI-D(11.15)d.c) is addressed.

4. *The two newly created lots each contain the minimum area required for that district;*

The minimum lot area in the RC – Single Residence zoning district is 15,000-SF. Lot 1 is 31,377-SF in area and Lot 2 is 106,871-SF in area as illustrated on Sheet C-1 entitled Frontage Exception Plan. Requirement #4 (Section XI-D(11.15)d.d) is addressed.

5. *The two newly created lots each have a minimum of fifty (50%) percent of the frontage required for that district, however the frontage is not to be less than fifty (50) feet in any district;*

The minimum lot frontage in the RC – Single Residence zoning district is 100-FT, and therefore, a minimum of 50-FT of frontage is required. Lot 1 has 118.6-FT of frontage and Lot 2 has 75-FT of frontage as illustrated on Sheet C-1 entitled Frontage Exception Plan. Requirement #5 (Section XI-D(11.15)d.e) is addressed.

6. *The two newly created lots each have a lot of width of not less than fifty (50) feet at any point between the street and site of the dwelling;*

As illustrated on Sheet C-1 entitled Frontage Exception Plan, no portion of lot 1 or lot 2 has a lot width of less than 50-FT between the street and site of the dwelling. Requirement #6 (Section XI-D(11.15)d.f) is addressed.

7. *The front, side, and rear setbacks for the two newly created lots may be reduced to twenty (20') feet if in the opinion of the Community Development Board this facilitates the highest and best use of the land and limits the overall disturbance of the property. Appropriate screening and buffering as determined by the Community Development Board may be required to protect existing adjacent homes*

As illustrated on Sheet C-1 entitled Frontage Exception Plan, the minimum building setbacks for the RC – Single Residence zoning district are provided on each proposed lot. Requirement #7 (Section XI-D(11.15)d.g) is addressed.

We believe this proposals exceeds the minimum requirements for issuance of the special permit under section XI-D(11.15) of the zoning ordinance. We look forward to meeting with the Board to discuss this project in further detail. If you have any questions or comments, or require additional information, please do not hesitate to contact this office.
