**Chapter 70 Foundation Budget and Net School Spending**

*In Massachusetts, Chapter 70 is the primary state aid program for public elementary and secondary schools, providing funding to support school operations and establishing minimum spending requirements for each school district.*

Many districts choose to spend more than their required spending level ("actual net school spending"). Some spend less, in which there is a compliance mechanism in place with fiscal penalties if the shortfall is more than 5 percent.

According to the Common Education Data Standards (CEDS) (<https://ceds.ed.gov/element/001866>), intensive cleaning is primarily designated for specific spaces such as restrooms, special education classrooms, kindergarten rooms, and food service areas. With appropriate supplies and equipment, a single custodian can effectively clean approximately 11,000 to 18,000 square feet within an 8-hour shift, depending on the facility's condition and how heavily it is used.
