Recount of Ballots for Selectmen and Constables

Methuen, March 10, 1892

Pursuant to a petition from ten legal voters of the Town of Methuen, alleging that they had reason to believe that the returns of the election officers of said Town of the votes cast at the Annual Town Meeting held on the seventh day of March A.D. 1892 are erroneous with reference to the votes cast for Selectmen, Assessors and Overseers of the Poor, also with reference to the votes cast for Constables in that more votes were cast for James Spicer than were returned and that less votes were cast for James C. Taylor than were returned, and asking for a recount of votes cast for said officers, I the subscriber Moderator of said Town Meeting did on this tenth day of March A.D. 1892 at eight o'clock a.m. at the Selectmen's Room in the Town House open the box containing the ballots cast at said Town meeting and recounted the votes cast for Constables, the request for a recount of the votes cast for Selectmen, Assessors and Overseers of the Poor being waived by the petitioners after examination of the tally sheets; and I appointed Benjamin T. Wendell and Lewis E. Barnes tellers to assist in recounting said votes, both of whom were previously sworn. The result of the recount of said ballots was as follows: The whole number of ballots cast was found to be

Six hundred and sixty seven

667

For **Constables**

George E. Blanchard three hundred and eighty two	382
George A. Closson two hundred and sixty eight	268
Charles H. Emerson three hundred and fifty six	356
John H. George three hundred and sixty four	364
Amos G. Jones four hundred and forty two	442
Frank McDermott one hundred and ninety two	192
John McGuire three hundred and five	305
Horace Rounds one hundred and eighty eight	188
James Spicer two hundred and seventy	270
Phineas W. Stephens one hundred and twenty eight	128
J. Calvin Taylor two hundred and seventy one	271
Albert B. Gordon two	2
John J. Bunker four	4
Blanks eight hundred and thirty	830

The ballots were then replaced in the envelope and resealed and delivered to the Town Clerk.

Dodge, John McGuire, Arthur L. Bailey, Republican and Leon Russell, J. Haskell Gordon, and Edward B. George, Democrat were appointed tellers and were sworn.

The Town Clerk delivered one package of ballots to the Chairman of Selectmen taking a receipt therefore and the package was publicly broken. The sample ballots and instructions to voters had been posted about the hall according to law; before the opening of the meeting. The ballot box was opened and shown to be empty and then locked and the key given to Amos G. Jones, Constable in attendance. The figures on the Register indicated four ciphers. The polls were then opened and the ballot proceeded. At nine o'clock and twenty minutes a.m. the register indicated 100; and by unanimous consent of the election officers, the ballot box was opened, the ballots removed therefrom and placed in envelopes in blocks of fifty and the count of the vote commenced. The ballot box was opened three times before the close of the voting, and the ballots removed and two groups of officers continued to count through the day. At five minutes past four it was voted to extend the time for closing the poll five minutes, and at ten minutes past four the poll was declared closed. The figures on the ballot box register marked 840. The number of names checked on each of the voting lists used was nine hundred and three.

The whole number of ballots cast was found to be nine hundred and three – 903 from which it appeared that the ballot box failed to register 63 ballots. All the ballots were counted into blocks of fifty each, verified, and placed in envelopes and the votes were counted, recorded and declaration thereof made as the law directs and were as follows: -

The whole number of ballots cast for the several officers voted for
was nine hundred and three

Recount of votes for Governor – Nov. 15, 1892

Pursuant to a petition from ten legal voters of the Town of Methuen alleging that they had reason to believe that the returns of the election officers of said Town, of the votes cast at the State Election, held No. 8th A.D. 1892 are erroneous, in that fewer votes were counted for William H. Haile than were cast for said Haile, and that more votes were counted for William E. Russell than were cast for said Russell and asking for a recount of the same, the Selectmen met at the Selectmen's Room, in the Town House, on Tuesday, November fifteenth, at two o'clock p.m. and opened the box containing the ballots cast at said election, recounted the votes cast for Governor of the Commonwealth and reported the result of the ballot as follows: -

Methuen, Nov. 15, 1892

We the undersigned Selectmen of the Town of Methuen hereby certify that the recount of the votes this day for Governor of the State of Massachusetts was as follows:

William H. Haile of Springfield four hundred seventy seven	477
Wolcott Hamlin of Amherst eighteen	18
Squire E. Putney of Somerville two	2
William E. Russell of Cambridge three hundred twenty seven	327
Henry Winn of Malden eight	8
Blanks – seventy one	71

The ballots were then placed in the box and re-sealed.

Water Supply

Daniel W. Tenney Esq. offered the following motion and explained the details thereof to the meeting.

“The Town of Methuen hereby agrees to contract with the Methuen Water Company, when organized, for a supply of water for fire service in the Town, and for the supply of its public buildings and drinking fountains. The condition of such contract shall be as follows:

The Methuen Water Company shall provide not less than sixty hydrants of the most approved pattern, and shall set them on its lines of pipes where the Town may direct, and in a manner that shall be mutually satisfactory.

The Town shall pay for the service of said sixty hydrants for five purposes, the sum of twenty seven hundred dollars per annum during the term of such contract, which shall be for twenty five years, unless the Town should take possession of the works before the expiration of that time. Payment under said contract shall begin when water shall be furnished to said hydrants by the Methuen Water Company. And it is further agreed that the Town of Methuen shall pay the sum of forty five dollars annually to the Methuen Water Company for each additional hydrant, which shall be placed on said company’s lines of pipes.

Also that not less than seven hydrants shall be placed on each mile of distributing pipe.

The Methuen Water Company shall also provide a satisfactory supply of water for domestic uses to the public buildings owned by the Town and situated on the company’s lines of pipes and for not more than ten drinking fountains owned and set by the Town on the said Company’s lines. And the Town shall accept such service and supply in payment of all taxes which shall be assessed upon the property of the Methuen Water Company for a term of twenty five years, or until the Town shall take possession of the property of said company.

The Town hereby instructs its Selectmen to close the above named contract with the Methuen Water Company, provided the said Company shall have organized and accepted the Act of incorporation (Chapter 310 Acts of 1892) in thirty days from date. And the Selectmen and Town Clerk of Methuen are hereby instructed to act together with the incorporators of the Methuen Water Company, as a committee representing the Town, to petition the Legislature to amend Sec. 9 of Chapter 310 of the Acts of 1892 so that it shall read as follows: -

Sect. 9 The Town of Methuen shall have the right at any time after the expiration of a period of twenty five years from the passage of this Act, to take by purchase or otherwise the franchise, corporate property and all the rights and privileges of said corporation on payment to said corporation of the actual cost of its franchise, works and property of all kinds held under the provisions of this act. An itemized statement of the expenditures of said corporation made in the construction, extension, and maintenance of the works of said corporation or company authorized by this act, not including therein the running expenses of said waterworks shall be annually submitted to the Selectmen of the Town of Methuen and by said Selectmen to the citizens of said Town.

If said corporation has incurred indebtedness, the amount of such indebtedness outstanding at the time of such taking shall be assumed by said Town and shall be deducted from the amount required to be paid by said Town to said corporation under the foregoing provisions of this section. This authority to purchase such franchise and property is granted on condition that the purchase is assented to by said Town, by a two thirds vote of the voters of said Town present and voting thereon at a meeting legally called for that purpose.”

Mr. Swan moved that the subject be postponed to a future meeting, and that the motion of Mr. Tenney be printed and sent to every voter in Town. A vote was taken and the motion was lost.

Voted – that when the motion is taken, it be taken by a show of hands. The vote was taken on the motion of Mr. Tenney, and it was carried by the following vote:

Yes – two hundred twenty one	221
No – thirty two	32

Recount of Ballots for Selectmen, Assessors and Overseers of Poor

Methuen, March 9, 1893

Pursuant to a petition from more than ten legal voters of the Town of Methuen alleging that they had reason to believe that the returns of the election officers of said Town, of the votes cast at the Annual Town Meeting held on the sixth day of March A.D. 1893 are erroneous with reference to the votes cast for Selectmen, Assessors and Overseers of the Poor, in that more votes were cast for John W. Frederick, than were returned for said Frederick, and that less votes were cast for Selwin A. Dodge than were returned for said Dodge, and asking for a recount of votes cast for said officers, I the subscriber, Moderator of said Town Meeting did on this ninth day of March A.D. 1893, at two o'clock p.m. at the Selectmen's Room in the Town House, open the box containing the ballots cast at said Town meeting, and recounted the votes cast for Selectmen, Assessors and Overseers of the Poor, and I appointed Frank Remick and Robert Moffat tellers to assist in recounting said votes, and they were both sworn. The result of the recount of said ballots was as follows: -

The whole number of ballots cast was found to be

Seven hundred and sixty nine 769

For Selectmen, Assessors and Overseers of the Poor

Selwin A. Dodge four hundred and sixty eight	468
John W. Frederick four hundred and sixty	460
George O. Marsh four hundred and eighty nine	489

George A. Smith	five hundred and seventy two	472
Frank Buckminster	one	1
John Jones	one	1
E. J. Castle	one	1
K. F. Brown	one	1
Blanks – three hundred and thirteen		313

The ballots were then replaced in the envelope and re-sealed and delivered to the Town Clerk.

The foregoing is a true copy of Warrant and Return.

Record of Special Town Meeting, March 25, 1893 – Warrant No. 40 File 11

A meeting of the Inhabitants of the Town of Methuen qualified to vote in elections and in Town affairs was held at the Town Hall in said Town, on Saturday the twenty fifth day of March A.D. 1893 at two o'clock p.m., pursuant to Warrant No. 40 File 11.

The meeting was called to order at the time appointed, by Joseph S. Howe, Town Clerk, who read the warrant for the meeting.

Art. 1 A ballot was taken and Granville E. Foss was chosen Moderator by a unanimous vote, and was sworn.

No objection being made, Article 3 of the Warrant was first considered. No motion was made but by unanimous consent the Methuen Water Company were allowed to make a written statement, which was read by Charles W. Mann. After considerable discussion it was

Art. 4 Voted to consider Article 4 of the warrant and it was
Voted – that the vote on Article 3 of the Warrant be taken on a written or printed ballot, by marking in the voting compartment on said ballot a cross against the word “Yes” or “No” and depositing the ballot in the registering ballot box.

Art. 3 It was then voted to proceed to ballot on the Third Article of the Warrant. John F. Ridley and Joseph J. Sharkey acted as ballot clerks, and Geo. O. Marsh and Selwin A. Dodge as tellers, check lists being used. The ballot box was opened and shown to be empty and was then closed and locked; the figures on the register indicated four ciphers. At about half past three, the ballot proceeded and the polls were kept open until eight o'clock p.m. when the polls were declared closed. The figures on the register were 473, and the number of voters checked, as having voted was four hundred and seventy three. The votes given in were sorted, counted and recorded, and declaration thereof made, and were as follows: -

The whole number of ballots cast was four hundred and seventy three

The number of voters voting “Yes” was four hundred and four	404
The number of voters voting “No” was sixty nine	69

And the Moderator declared that the Town had voted to take by purchase or otherwise the franchise, corporate property and all the rights and privileges of the Methuen Water Company, under the provisions of Chapter 310 of the laws of 1892: - more than two thirds of the voters present and voting, having voted therefor.

- Art. 2 Voted – to rescind the vote passed by the Town of Methuen at its last Annual Meeting held March 6th 1893, whereby it voted to instruct its Selectmen to enter into a contract with the Methuen Water Company for supplying the Town with hydrants and water, and to join with said Company in asking the Legislature to amend Sec. 9 of Chap. 310 of the laws of 1892.
- Art. 5 Voted – that Kirk F. Brown, Edwin J. Castle and William D. Hartshorne be a Committee to confer with the Methuen Water Company and effect the purchase of its franchise, corporate property and all its rights and privileges set forth in Chapter 310 of the laws of 1892 and report their doings at a future meeting.
- Art. 6 Voted – to appropriate the sum of five hundred dollars for the purchase of the franchise, corporate property, and all the rights and privileges of the Methuen Water Company.
- Art. 7 Voted – to pass over Article 7 of the warrant.

At 8:25 p.m. it was voted to dissolve the meeting.

Record of Special Town Meeting, June 14, 1893 – Warrant No. 42 File 11

A meeting of the Inhabitants of the Town of Methuen qualified to vote in elections and in Town affairs was held in the Town Hall in said Town on Wednesday the fourteenth day of June A.D. 1893 at half past seven o'clock p.m. pursuant to Warrant No. 42 File 11.

Art. 1 A ballot was taken and Granville E. Foss was chosen Moderator by a unanimous vote, and was sworn.

Art. 2 Edwin J. Castle Esq., read a Report of the Water Commissioners substantially as follows: -

“Mr. Chairman and Gentlemen: Your board of Water Commissioners have since their election been trying to find a suitable water supply for the Town of Methuen. First, we experimented on the Sargent farm by sinking five wells in addition to those that were sunk by the Methuen Water Company. We connected seven of them with a steam pump and had them pumped continuously for five days and they yielded 226,000 gallons each day of twenty four hours. At the end of the fifty days we had Mr. Stearns, engineer for the State Board of Health look the ground over and the following is his report (see end of this report). We also drove five other test wells, two of which were on another portion of the Sargent farm, one on the Gage farm to the depth of thirty feet, one on the farm of Christopher Howe meadow, but they were all unsuccessful.

We then deemed it inexpedient to test further for an underground supply and so turned our attention to a supply from a pond and think that Harris' Pond with the aid of the Spicket River in case of emergency, will give the Town a sufficient supply of good water. We have had an engineer to look the Town over and furnish us with an estimate for a good system of waterworks, and he places the sum of \$170,000 which includes the provision of good supply for the Arlington Mills, for which they are willing to pay the Town the sum of \$3500.00 a year, taking the water at the same rate as Lawrence charges but if they do not use sufficient quantity to bring the amount to the \$3500.00 they are willing to pay that sum, and if they use over that amount they will pay extra at the same rate. So we feel that the work may stand at \$170,00.00 and we can realize from the

Arlington Mills	\$3,500.00
House service end of two years	<u>4,000.00</u>
Total income	7,500.00
Expense of maintaining the works	3,200.00
Interest on bonds at 4 per cent	<u>6,800.00</u>
Total	10,000.00

So that by the second year we can meet the expenses of running the works except the \$2500.00 for which the Town would receive the services of one hundred hydrants for fire purposes and water for all public buildings and drinking fountains.

Report of State Board of Health

**Office of State Board of Health
13 Beacon St.
Boston May 19, 1893**

To the board of Water Commissioners of the Town of Methuen

Gentlemen: -

The State Board of Health has considered your application of April 13, 1893, relative to a proposed water supply for the Town to be taken

from driven wells near Sargent's Brook, and has caused examination of the premises and analysis of the water to be made. The analysis of a sample of water sent in from one of the flowing wells showed the water to be very pure and soft, and in all respects an excellent water for the purposes of a public water supply. After pumping for nearly six days, however, from these wells another sample was collected and the character of the water was found to have undergone a decided change and to be much more unsatisfactory. Should this deterioration continue with steady pumping, as has been the case in some other places in the state, the water would become objectionable. The water shed above the point where the wells are located was examined and its area determined approximately by sketching its outlines upon the topographical map of the state and subsequently measuring from it. This area was found to be so small that the total amount of water flowing from it through the brook and through the ground, in a dry year would not be in excess of the requirements of a water supply of Methuen, having due regard to future needs. It was obvious from an examination of the water shed that much of the water would flow off through the brook, particularly in the spring of the year, so that the supply to be obtained from the ground would be much less than the total flow from the water shed and probably not enough during the dryer portions of a dry year to supply the Town as soon as water is generally introduced, by order of the board.

Samuel W. Abbott, Secy."

After considerable discussion it was

Voted – to accept the Report of the Water Commissioners as progressive.

Voted – that the Board of Water Commissioners conduct all preliminary surveys and that

they cause surveys to be made of White's Hill and Foster's Hill.

Voted – to appropriate one thousand dollars for the purpose of making preliminary surveys.

Voted – to pass over Article 3 of the warrant.

At nine o'clock and twenty five minutes it was voted to adjourn sine die.

Attest,

Jos. S. Howe – Town Clerk

Essex SS: Methuen July 17, 1893

To Joseph S. Howe Town Clerk

Greeting: -

In the name of the Commonwealth of Massachusetts, I have notified the inhabitants of the Town of Methuen, qualified to vote in elections and Town affairs to meet as within directed, by posting up attested copies of this warrant at each of the public meeting houses, also at each of the schoolhouses outside of the village, and at the Town House, eight days before said meeting.

Amos G. Jones – Constable of Methuen

Record of Special Town Meeting, July 25, 1893 – No. 43 File 11

A meeting of the Inhabitants of the Town of Methuen qualified to vote in elections and in Town affairs was held in the Town Hall in said Town on Tuesday the twenty fifth day of July A.D. 1893 at half past seven o'clock p.m. pursuant to Warrant No. 43 File 11.

The meeting was called to order at the time named in the Warrant by Joseph S. Howe, Town Clerk, who read the warrant for the meeting.

- Art. 1 Granville E. Foss was chosen Moderator by a unanimous vote and was sworn.
- Art. 2 The Report of the Board of Water Commissioners was read by the Chairman, E. J. Castle, and was accepted.

The report was as follows; -

Mr. Moderator and Gentlemen: -

Your Board of Water Commissioners have since the last Town meeting employed the services of E. Worthington Jr. and Co., Civil Engineers, of Boston, to make the preliminary survey and prepare a map of the proposed water works for this Town.

Upon investigation we find adjacent to the mouth of Harris' Pond Brook and Spicket River a very satisfactory subsoil supply which has been approved by the State Board of Health as to quality and quantity as shown by the yield of the wells and surrounding water shed. It is desirable to locate the pumping station at this point on account of the subsoil supply, and if the wells should fail to give the desired quantity for future needs, we could then draw from Harris Pond or the river in case of emergency. But undoubtedly it would be some years before we should have to draw from the pond or river. The quantity needed for the present supply of the Town would be about three hundred thousand gallons a day, and in the opinion of the engineers the wells would undoubtedly yield all that would be required for some years. The pumping station being placed at this point the water would be forced through a twelve inch pipe by the way of the crossroad Pelham, Lowell, Hampshire and Pleasant Streets to Marston's Corner, thence by a fourteen inch pipe to the reservoir; also by a twelve inch pipe from Pleasant Street to Lawrence line by Broadway, Chase and Ingalls Streets. The remaining streets will be supplied by eight and six inch pipes, for the distribution

of which we refer you to the map of the proposed waterworks. It is necessary to have a covered reservoir in the case of taking the supply from a subsoil source for if it is not covered a vegetable growth forms in the reservoir and gets into the supply pipes and dies thereby causing decomposing vegetable matter which renders the water unfit for use. We deem it advisable to locate the reservoir on Foster's Hill, the advantages of which are:

First: - assuming that the same system of street piping at the village is to be carried out, the total length of all piping required to utilize White's Hill will be two miles in excess of the total piping in the system using the Foster's Hill location.

Second: - Foster's Hill is much nearer the more thickly settled portion of the Town. In providing the desired service the main pipe from White's Hill would necessarily be much larger to offset the friction lost due to the increased length of pipe.

Third: - Foster's Hill is more central to the district likely to receive the growth of the village and which may in the future be provided with extensions of the system.

Fourth: - the location of the pumps and reservoir at opposite limits of the district supplied, will be found advantageous in case of accident to the mains, or whenever it may be desired to draw out the water from the reservoir. At such times the reservoir could be shut off and the supply maintained for a time by direct pumping.

These conditions, together with the fact that at least twenty thousand dollars would be saved in the first cost of the works places the Foster's Hill location as unquestionably the most desirable. The total length of the pipe for the system will be fourteen miles, and have ninety one hydrants for fire purposes. The cost of the entire works will be about one hundred and thirty five thousand dollars and if we provide for the supplying of the Arlington Mills with what water they need it will take ten thousand dollars additional; and as they are anxious to take water from us at the same rate as they are now being furnished by the City of Lawrence and we having the water to spare we consider it advisable to make the extra expenditure as it would help the Town to put the works on a paying basis from the start.

As we were especially instructed to obtain the elevation of the Town Farm land on White's Hill we find it to be thirty feet higher than the land of C. W. Mann on Foster's Hill of which he proposes to deed the Town a piece large enough for a reservoir without any expense to the Town. We would therefore recommend the appropriation of one hundred thousand dollars at this time, the same to be applied toward the construction of the Town's waterworks.

Respectfully submitted
E. J. Castle
D. W. Tenney
C. W. Mann

After reading the report, the Engineer, Mr. Worthington read the Engineers Report to the

Committee, and explained the proposed system of works.

- Art. 3 Voted – by unanimous vote that the Water Commissioners be and hereby are authorized and instructed to take all necessary steps to procure a permanent supply of water for domestic and fire purposes and for general use in the Town of Methuen, and to proceed with the construction of the waterworks by making all necessary contracts therefor in the name and behalf of this Town.
- Art. 4 Under Article 4, it was voted by a unanimous vote, that the Town take water from subsoil sources near the adjacent to the junction of Harris' Pond Brook and Spicket River, also the waters of Spicket River and Harris Pond within the Town of Methuen, for the purposes specified in Chapter 310 of the Acts of the Legislature of Massachusetts for the year 1892, and that the Board of Water Commissioners be and they hereby are authorized and instructed to take all necessary steps and do all necessary acts thereto for and in behalf of this Town.
- Art. 5 Under Article 5 it was voted by a unanimous vote that the Water Commissioners be and hereby are authorized and instructed to take in behalf of the Town by purchase or otherwise any and all lands, rights of way, water rights, water sources and easements necessary for taking, holding, preserving and conveying water under and in accordance with the authority granted to the Town by the provisions of Chap. 310 of the Acts of the Legislature of Massachusetts for the year 1892.
- Art. 6 Voted – to pass over Article 6 of the Warrant.
- Art. 7 Under Article 7 it was voted – 176 Yeas to 2 Noes that the Town appropriate one hundred thousand dollars for the purpose of constructing its waterworks, and that the Town issue bonds to the amount of one hundred thousand dollars, said bonds to be of the denomination of the one thousand dollars each, and have interest coupons thereto attached, such bonds to be issued at such date as may be deemed by the Water Commissioners to be for the best interests of the Town and to be numbered consecutively from number one to number one hundred, both inclusive, and to be payable as follows, each payable with interest at four per cent per annum, payable semi-annually in each year, principal and interest payable in lawful money of the United States at such Bank or Trust Company in the City of Boston as the Water Commissioners shall select and determine, on presentation and surrender of the coupons therefor, as the same shall severally become due; and that each of said bonds shall be signed by the Treasurer of the Town and countersigned by the Water Commissioners of the Town, and bear on its face the words "Methuen Water Loan, Act of 1892" and that the Treasurer be and hereby is also directed to affix to each of said bonds, the seal of the Town, and to sell or negotiate said bonds under the direction of the Water Commissioners but not below par, and that the proceeds realized from the sale of said bonds shall be applied to defraying the expenses and liabilities incurred by the Town in carrying out the

provisions of the said Chapter 310 of the Acts of the Legislature of Massachusetts for the year 1892.

Said bonds to be made payable as follows: -

Recount of Votes for Representatives, Nov. 14, 1893

Pursuant to a petition from more than ten legal voters of the Town of Methuen, alleging that they had reason to believe that the returns of the election officers of said Town, of the votes cast at the State Election held November 7, 1893 are erroneous, and that they deemed them in error in the following particulars, namely, that the election officers of said Town failed to count and return correctly and to make a correct record of the votes cast in the said Town for the candidates to fill the positions of Representatives to the next General Court from the Third Essex Representative District for the year next ensuing, and asking for a recount of the same, the Selectmen met at the Selectmen's Room in the Town House, on Tuesday November fourteenth at 7:30p.m. and opened the box containing the ballots cast at said election, recounted the votes cast for Representatives to the next General Court, and reported the result of the recount as follows: -
